Medicaid Health Home

For Medicaid, the PCMH model of care is called the Health Home. Core components include:

- Comprehensive care management
- Care coordination and health promotion
- Comprehensive transitional care, including follow-up from inpatient to other settings
- Patient and family support
(including authorized representatives)
- Referral to community and social support services, if relevant
- Use of health information technology to link services, as feasible and appropriate

Medicaid Health Home in Ohio: First Phase

Health home implementation to happen in phases.

Last month, Health Home service implemented for Medicaid beneficiaries in five counties in Ohio:

- Adams
 - Butler (1)
 - Lawrence (1)
 - Lucas (3)
